RHSO chair report for AGM

Hello everyone

Thank you for coming you the Rivers Heritage Site and Orchard AGM. This is the Chairman report for 2020.

It has been a strange and difficult year for many people including the volunteers of the Orchard group.

We started the year on a high with a very successful and enjoyable Wassail. This event was attended by possibly two hundred people. It was safely organised by the committee and was reported on in the local paper. We managed to hold a couple of maintenance days but then unfortunately COVID-19 arrived along with lockdown.

During the first lockdown people were encouraged to go out for exercise this led to an increase in people using the Orchard. There were many lovely posts of residents enjoying the trees and blossom. Some residents even hid painted stones among the tree for people to find. As much as this was a nice idea, I did have to explain about stones being left in the grass and damaging the mowers.

Eventually we were allowed back to continue with monthly maintenance. We kept this to our regular volunteers and chose not to advertise for others to join in. The volunteers worked on individual trees and only in their family groups or 'bubbles '. This continued during the summer months.

Obviously, we could not hold a regular Apple Day but again the regular group of volunteers met in October and spent the day picking this year's crop. The fruit picked was juiced by a professional company and we have over 700 bottles of this years juice to sell.

At this point in time we have almost sold all of 2019 crop and are hoping that some events will be able to be held this year to enable us to sell this years crop.

I would like to thank all the volunteers in the group for all their hard work and support in looking after the Orchard. I hope that one day soon we may all meet up again safely in person and be able to celebrate.

Ruth Buckmaster Chair

#### Maintenance Report 2020 – February 2021

The management of the Orchard has obviously been affected by Covid 19. Four maintenance sessions were cancelled and when we were able to restart we restricted assistance to regular volunteers only. Some of these were shielding and have not been able to attend.

Certain proposals in last years report, such as getting expert help re plum trees have been put aside for the future.

It has been a very wet year in contrast to the very dry spells of previous two years. Not yet evident if this will result in a spurt of growth of younger trees. However, looser roots could put pressure on the older, taller plums in combination with high winds. Three younger trees have been lost.

The Covid restrictions have seen a major increased footfall in the Orchard itself. Fortunately, only a few instances of human damage to the trees. General public are picking fruit more so than in past years. This has potential to damage to trees.

No evidence of deer activity but the rabbits are returning. We are leaving large apple tree prunings around in the cold months as advised last year and this is working well. We do still have many ant colonies, particularly under membranes.

In general maintenance of the trees has primarily been removing dead and diseased wood, maintaining and repairing membranes and guards already in place.

#### Apples

In February and March 2020 Rob instructed the volunteers on re shaping of the younger trees and we made a reasonable start on this before lockdown. We hope to continue this in the Spring. Pruning has been limited this season to the younger trees and the row of James Grieves. Apple crop was reasonable . More cookers than dessert varieties.

#### Pears

Little done except pruning of younger trees. Crop not as good as last year, but conference pears disappeared overnight!!

#### Plums

Younger plums fed and look in good condition. Expert opinion still needed for larger trees.

#### Cherries

Little done except tiding up dead branches. Seem in reasonable condition.

#### Meadow

Little done in this area. See last years report as to what needed.

#### Other maintenance

From April to September we continue to maintain the paths within the Orchard ourselves. However, this year we only mowed three times despite the wet weather, as the much increased footfall kept paths well trodden. In November and December we did tackle the ditch around the bridge and along the eastern boundary as the very wet weather had caused the ditch along the southern boundary to overflow. Working well now.

#### Volunteer Support

We have a core of 11 regular volunteers that have been able to attend since the Covid restrictions have been in place. We have averaged about 7 a session. Many thanks to all those who have helped maintain this site for its heritage value and for the community in these very trying times.

Plan for the coming year is to continue as best we can with standard maintenance.

#### YEAR ENDED 31 DECEMBER 2020

#### INDEPENDENT EXAMINER'S REPORT TO THE COMMITTEE

I report on the accounts of the Rivers Heritage Site and Orchard for the year ended 31 December 2020, which are set out on pages 2 to 4.

#### Respective responsibilities of the Committee and the Examiner

The Committee is responsible for the preparation of the accounts. It is my responsibility to:

- examine the accounts, and
- state whether particular matters have come to my attention.

#### Basis of my report

An examination includes a review of the accounting records kept by the Rivers Heritage Site and Orchard and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as the Committee concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit and consequently no opinion is given as to whether the accounts present a 'true and fair view' and my report is limited to those matters set out in the statement below.

#### Independent Examiner's Statement

In connection with my examination, no matter has come to my attention to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.
